Data handling:

- Interpreting information from graphs and creating venn diagrams.

Measurement:

- Length/weight problem solving.

How would you survive in The Wilderness?

Where do lights and sounds come from?

What lights and sounds do you know?

How do light and sound travel?

Where would you find a wilderness in the world and what is it like?

What festivals do Christians and Jews celebrate?
How are the celebrations the same or different?

How could you make your own Wilderness?
What would it be like?
