

Literacy

We will be writing non-chronological reports and finding out more about the books written by the author Roald Dahl

What media can we use to produce our own seascapes?

How can we change the pitch of a note?

Maths

We will be finding out more about the properties of 3D shapes.
Problem solving using addition, subtraction, multiplication, division and money.

YEAR 2

"Beside the Sea"

Summer 2010

How is the seaside different today from the seaside in the past?

What do you know about coasts?

What relationship do we have with our friends and family?

How can we programme the floor turtle 'bee bot' to move?

Science

We will be making our own circuits in our study of electricity followed by the science of forces and motion.
